Notice of Discontinued Products : CLIPIKA ACE CP II - CE Series

Dear Valued Customers and Distributors

This is to inform you that SOMAX CO., LTD. has decided to discontinue the manufacture and sales of “**CLIPIKA ACE CII - CE Series**” in June, 2022.

We’ve sold “CLIPIKA ACE CII - CE Series” for Europe markets in accordance with the standard for EU member states. However, considering the recent situation and marketability in Europe, we’ll concentrate on much better manufacturing with the slimed line-up. As one of our steps for this, we’ve started the sales of our brand-new machines “**CLIPIKA ACE “CP-V (Five)”** from April, 2022, for Work System Reform and diversity.

Thank you so much for your patronage our CII - CE Series for a long time.

We would appreciate your continued support and long-term use of our mold cleaning machines.

Discontinued Products

- **CP II -2444-CE**
- **CP II -2430-CE-OPT**

Sincerely yours.

Wataru Mukai

General Manager
